

Studio location

By Rail – We are accessible via Thameslink (West Hampstead), Silverlink North London line (West Hampstead) and Jubilee Underground line (Kilburn or West Hampstead).

From the West Hampstead stations, walk along West End Lane (turning right if coming out of Jubilee line, or left coming out of Thameslink or Silverlink stations) to Sumatra Road. Walk the length of Sumatra road, then turn left onto Mill Lane.

From Kilburn station (which is closest) come out of station and cross Kilburn High Road under the railway bridge. Walk up the Hill and take first right down Garlinge, then left onto Fordwych. Follow Fordwych to first crossroads (Mill Lane) and turn right.

By Road – Mill Lane runs between West End Lane and Kilburn High Road (Cricklewood Broadway), and just off Finchley Road NW3.

From the North: M1 or A1 onto A406 (North-South Circular) then onto A41 (direction West End). This ends at a t-intersection with the Finchley Road. Turn right onto Finchley Road (in the right hand lane) then next right (only 20 yards along), direction Fortune Green and West Hampstead. This is West End Lane. Go through the shops of Fortune Green and turn right onto Mill Lane at the start of the next group of shops.

Parking – Mill Lane is zoned for meter parking. There are four meter spots outside the studio. The streets off Mill Lane are zoned residential. However, the side streets closest to our studio (Ravenshaw, Broomsleigh, and the roads that run between them) are only residential between the hours of 10am and Noon. This means they are free parking before 10am and after Noon. Please double-check the sign relating to your bay before leaving your vehicle as there are exceptions to these rules.
